Hello James,

I am following up with you regarding our upcoming performance audit. We'd appreciate hearing your organization's perspective, so please let me know if you're available for a brief conversation in the next few weeks.

Thank you,
Holland

Subject: SAO Performance Audit of civil asset forfeiture: Request for Meeting

Hello James,

The State Auditor's Office has approved a performance audit on the topic of civil asset forfeiture. We aren't sure yet what the objective(s) of the performance audit will be, but we hope to identify a few options over the next few weeks.

As part of identifying those options, we are planning to conduct research and outreach with stakeholders, and hopefully speak with you and others about areas that could benefit from a performance audit. We would appreciate getting an understanding of your interests before we decide on the objective(s). Are you available for a 15-30 minute conversation between now and December 2?

I look forward to hearing from you.

Sincerely,
Holland Kitchell
