Hi Holly,

Thank you so much for proving the District's response. I will include it in the report. Would you be okay if I took out the word "today" below? The reader would not know when this happened from reading the report. Or you could say the date?

Thanks again!

External Email

Hi Karyna,

Thank you for going over the preliminary report with me.

The District has been informed by the Union that the Union will not be representing the Employee in negotiating terms of repayment in this matter. The District will be sending a repayment plan recommendation directly to the Employee ~~today~~. The District will update you on that agreement as it progresses. In addition, the District will continue to remind employees during open enrollment regarding updating their dependents for department provided benefits, including health insurance.

We will see you on 4/12 at 10am for the exit conference.
