Hi Holly,

Thank you for providing the draft! I have forwarded it to our Special Investigation team who will be in contact with the AAG to get that final approval. I also just heard back on some of the final steps for our investigation. Would you have time to meet with me via Team tomorrow? I am available between 11:30 and 2:00. What would be best time for you? This should not take more than half an hour.

Thank you!

Hi Holly,

You can send it to me and I will pass it on to our Special Investigations team for review. They are currently working on reviewing my work so this is a good timing to review the darft

agreement.

I will add you to our SAOShare where you can upload the draft agreement. Once I add you, you should receive a notification and an access link in your email.

Thank you!

Hi Karyna,

I have drafted a tentative proposal to send to the Union for approval regarding reimbursement of the overpayment about and SAO fees related to this issue. To whom can I send it for review to make sure the SOA approves it?

Hi Audra,

I will be reviewing the external investigation report that you sent me and then going through a few more questions regarding the incident. Having the Chief present would be good if possible.

I will send you the meeting now and you can forward it to Chief VanSchaick if she can attend.

I am off starting tomorrow and through the next week and will talk to you in the new year. Have a great Holiday season!

Hi Karyna,

What are you wanting to cover? Depending on the scope, Chief vanSchaick may be more knowledgeable. She has been in discussions with the union, Mr. Ybarra, and his supervisor.

I am available Thur, Jan 4 at 1:00.

Thanks,
Audra

Hi Karyna,

I have a couple of follow-up items from our call yesterday. We would like to confirm for our attorney that you requested a copy of the independent investigation report and that the SAO will need to approve any settlement that is less than the full recovery amount.

The district is considering including the SAO costs as part of the recovery. You had estimated about $1300. Do you know when that amount is finalized so that we can include it in the discussions?

Also, we discussed what access Seth continues to have as an employee. I did not mention that as part of his job, he orders, receives, and maintains medical supplies.

Thank you,
Audra
