Hello Audra,

I have heard from the Fraud Team and they are mostly done with their review of my work. They are currently working on the level of reporting and should get back to me soon.

I apologize, as it is taking a bit longer than anticipated. I will keep you posted as I hear from them.

Thank you for your understanding,

Karyna Orcutt

Hi Karyna,

What are you wanting to cover? Depending on the scope, Chief vanSchaick may be more knowledgeable. She has been in discussions with the union, Mr. Ybarra, and his supervisor.

I am available Thur, Jan 4 at 1:00.

Thanks,
Audra

Hello Audra,

I just wanted to let you know that I will be performing your external investigation review in January, as I am off starting this Friday until the end of the year.

Would you have time for a Teams meeting on January 4th, at around 1 pm? The meeting should not take more than 45 min to an hour.

Thank you and happy holidays!

Hi Karyna,

Following your request, I've attached the Investigation report and Appendix A.

Thank you,
Audra

Hi Karyna,

The report has been completed and we can provide the report to you tomorrow when Chief

vanSchaick is back in the office.

Thanks,
Audra

Hi Adra,

The next step of the investigation has been approved and we will be reviewing your investigation report once it is ready. Do you have the timeline on when it will be ready?

Thank you!

Hi Karyna,

I have a couple of follow-up items from our call yesterday. We would like to confirm for our attorney that you requested a copy of the independent investigation report and that the SAO will need to approve any settlement that is less than the full recovery amount.

The district is considering including the SAO costs as part of the recovery. You had estimated about $1300. Do you know when that amount is finalized so that we can include it in the discussions?

Also, we discussed what access Seth continues to have as an employee. I did not mention that as part of his job, he orders, receives, and maintains medical supplies.

Thank you,

Audra
