Attachments: image001.png

Hi,

One of our external entities (auditee) has a mistakenly tagged company field (parks). Can I request it be reset to SAO? I checked all the groups to confirm they are in the system for SAO reasons and not Parks.

I've worked with Joel and Jason on similar issues in the past. Worst case, for now, please reset the MFA.

kwang_ci.olympia.wa.us#EXT#@StateofWA.onmicrosoft.com

Thanks,
Steve
