### **Deputy State Auditor Jutte's statement on proposed budget**

**OLYMPIA** – Deputy State Auditor Jan Jutte released the following statement regarding Governor Jay Inslee's budget proposal today:

“The budget proposed today imperils the performance audit program the people of this state put in place. It sweeps \$10 million from the dedicated fund created by Initiative 900, in addition to sending \$12.6 million to other programs. If enacted, this proposal would spend nearly two-thirds of the Performance Audit of Governments Account on efforts other than the State Auditor's Office performance audit work. I am deeply concerned about this proposal.”
