Good afternoon, my name is Alfonso Humberto Drouet born June 23rd, 1964, son of Rafael Benito Drouet and Marcela Nuñez Borja married on February 17, 1964. I live in California since 1996 but we all moved to Ecuador in 1967, my parents are still alive but they still live in Guayaquil, Ecuador; lately the Ecuadorian government is trying to update/digitalize all their records and since my mother is from Peru, married to an Ecuadorian, they requested their original with apostille marriage certificate; can you please direct me to the office that can help me with this?

I have a copy of their marriage certificate (#29953) signed by officiating clergyman or officer: Kathryn Ann Mautz

Since my sister and I are American citizens (my sister still lives in Ecuador) we are also asked to produce our birth certificates for any future recording/documentation that the Ecuadorian public records might need later in order to prove being born to Rafael and Marcela,

Please advise how to proceed

Thank of and best regards,

Alfonso H Drouet
