Hi Duane~

I had talked with you last month about FIT information on the city of Sunnyside. You mentioned that FIT is going through upgrades so the information detail isn't able to be viewed at the moment.

Is the information entered into FIT based on the budget information provided by the city of Sunnyside as outlined in the SAO Financial Audit Reports?

I am requesting:  
Details of the Financial Health section for 2011-2022  
Any correspondence between this agency and the City of Sunnyside for 2011 - 2022

If you have any questions on the information requested please email me.

Take care,  
Monica Niemeyer
