## 1. PURPOSE

The purpose of this amendment is to increase total compensation for additional work to be performed under the current scope. All other terms remain unchanged.

## 4. COMPENSATION

The CONTRACTOR will perform work under this contract at an hourly rate not to exceed \$160.00/hour, consistent with the "blended hourly rate" submitted in the CONTRACTOR's proposal. This rate is to include all expenses associated with performing the work, including travel & accommodations. Total compensation payable to the CONTRACTOR for satisfactory performance of the work under this contract will not exceed \$4,100,000. The CONTRACTOR's compensation for services rendered will be based on the schedule set forth in the individual Task Orders when issued. If the SAO decides to modify the Statement of Work, including deleting or adding tasks, at critical points during the course of the contract, the parties will negotiate in good faith whether to make an adjustment to the compensation.

However, if the contractor violates the Government Auditing Standards independence standards during performance of the audit, the State Auditor's Office may choose not to compensate the contractor for work performed under this contract.

## 17. APPROVAL

This amendment will be subject to the written approval of the SAO's authorized representative and will not be binding until so approved. The contract may be altered, amended, or waived only by a written amendment executed by both parties.

THIS amendmet is executed by the persons signing below, who warrant they have the authority to execute the contract.
