Dear Maddineni,

The Office of the Washington State Auditor has received and completed our response to your public records request sent in via our website as follows:

Good Morning, Exodigo is a company that offers advanced subsurface mapping technology, helping clients identify underground utilities and infrastructure without the need for invasive digging. Using a combination of sensors, AI, and data analysis, we provide accurate, non-intrusive subsurface maps. As part of the project we are conducting with Covington Water, we would like to request the as-built drawings for the attached locations on 164th Ave SE, Covington, WA 98042 Please let me know the procedure and any additional information or forms required to fulfill this request. Thank you Sri

In response, our office performs audits of the Covington Water District, but we would not have as-built drawings for any locations. You would need to contact the Covington Water District directly at [Covington Water District, WA | Official Website](#) in order to request what you are seeking. Please let us know if you have any questions, concerns or issues regarding this request. We will now consider this closed.

Sincerely,

Mary Leider, CPRO
