

# COLUMBIA COUNTY PUBLIC WORKS

County Road • Solid Waste • Fleet Management

September 12, 2018

Megan Rexin, Auditor in Charge  
Washington State Auditor's Office  
1815 Portland Avenue, Suite 5  
Walla Walla, WA 99362

Dear Ms. Rexin:

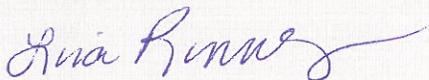

In response to our recent Columbia County Public Works Audit we offer the following information addressing the inadequate internal controls in place to ensure compliance with federal procurement and suspension and debarment requirements of the Highway Planning and Construction grant.

Correction action by Public Works will be as follows:

- Public Works staff are now aware of the federal requirements for all consulting work to be published and identify all evaluation factors used in the award of contract. We will create a written method for conducting technical evaluation of the proposals received.
- Public Works staff are now aware of the WADOT Lag manual debarment procedure requirement. Our department will only use the forms provided in the LAG manual as Certification regarding debarment, suspension and other responsibility matter – primary covered transactions, currently form number "Exhibit G-2." Consultant agreements will have WADOT local programs concurrence.
- Public Works staff will retain suspension and debarment information with each project.

If you have any questions regarding this response please feel free to contact me at [lisa\\_ronnberg@co.columbia.wa.us](mailto:lisa_ronnberg@co.columbia.wa.us) at your convenience.

Best regards

Lisa Ronnberg  
Business Manager  
Interim Public Works Director
