Accountability Audit Results

January 1, 2020 through December 31, 2022

Results in Brief

This report describes the overall results and conclusions for the areas we examined.

In those selected areas, District operations complied, in all material respects, with applicable state laws, regulations, and its own policies, and provided adequate controls over the safeguarding of public resources.

In keeping with general auditing practices, we do not examine every transaction, activity, policy, internal control, or area. As a result, no information is provided on the areas that were not examined.

Accountability Audit Results

Using a risk-based audit approach, for the District, we examined the following areas during the period:

- Procurement – purchases and public works
- Payroll – gross wages, overtime, leave balances and accruals and leave cashouts
- Self-insurance for unemployment
- Open public meetings – compliance with minutes, meetings and executive sessions
- Financial condition – reviewing for indications of distress

- We thank District officials and staff for timely communications throughout the audit process.
- In particular, we would like to thank Heather Fredrickson and Chief Volk for their positive attitude towards the audit process. They were always available to answer questions, and responsive to requests which kept the audit moving forward.
