What state or local organization is involved?

Please identify the specific concerns you are hoping the audit will address.

During Town Council meetings there have been threats made by town council members to citizens as well as audience members slandering other citizens. There is yelling, screaming, slander. There is nepotism with a father and daughter on the council and the daughter isn't a committed member.

Please provide a detailed description of the assertion or outstanding achievement, including who, when, where, what, how and how much.

Last night, it was witnessed that council member Robert Dew made a gun sign toward the town Waste Water Manager. A citizen threatened the town ordinance compliance officer with handcuffs and accusing him of impersonating a law officer. It is like watching a lynch mob and someone needs to come to these meetings to witness the blatant lack of order.

How did this issue come to your attention?

I was an audience member and have been in the past

**What employee(s), contractors, etc., were involved in the assertion or achievement?
Please include employee titles if possible.**

Robert Dew, Council Member Jamie Schmunk- previous mayor, Denise Snead - previous clerk

Please provide the names of any witnesses to the assertion or achievement, if possible.

I do not feel comfortable disclosing names, but you can ask the current mayor and clerk who was there and the meeting is recorded by numerous people.

Please provide any additional details or comments that would help us understand your assertion or achievement.

This mayor and clerk are under attack by council members and town citizens.
