Board of Commissioners and Port Manager
Port of Peninsula
3311 275th St
Ocean Park, WA 98640

We are pleased to confirm the audit to be performed by the Office of the Washington State Auditor, in accordance with the provisions of Chapter 43.09 RCW, for the Port of Peninsula. This letter confirms the nature and limitations of the audit, as well as responsibilities of the parties and other engagement terms.

Auditor Responsibilities

Accountability Audit

In accordance with RCW 43.09.260, we will perform an accountability audit for the fiscal years ended December 31, 2017, 2018, 2019, and 2020 of the Port of Peninsula's compliance with applicable state laws, regulations, policies and procedures, and safeguarding of public resources in areas representing the highest risk of fraud, loss, abuse, or noncompliance.

Areas will be selected for audit using a risk-based approach and will be identified in the audit entrance conference.

Upon completion of our audit, we will issue a written report describing the overall results and conclusions for the areas we examined.

Data Security

Our Office is committed to appropriately safeguarding the information we obtain during the course of the audit. We will:

- Avoid, where feasible, including information considered confidential in work papers.
- In cases where inclusion of personal information is unavoidable, we will follow our policy on confidentiality, consistent with applicable federal and state requirements.
- Maintain the confidentiality of personal information in accordance with the law.
- Ensure that confidential information will be encrypted in transmission if we retransmit it to any parties authorized to receive such information.
- Warrant that collection, access, use, storage, disposal and disclosure of confidential information will comply with all applicable federal, state and data protection laws, as well as all other applicable regulations and directives.

- Warrant that administrative, physical, and technical safeguards to protect confidential information are in place that are no less rigorous than accepted industry practices, including the current State of Washington Office of the Chief Information Officer (OCIO) IT Security Standards (OCIO 141.10) relating to Securing Information Technology Assets Standards, and that all such safeguards, including the manner in which confidential information is collected, accessed, used, stored, processed, disposed of and disclosed, comply with applicable data protection and privacy laws.

Reporting levels for audit issues

Issues identified through the auditing process will be communicated as follows. Failure to appropriately address audit issues may result in escalated reporting levels.

- **Findings** formally address issues in an audit report. Findings report significant results of the audit, such as significant deficiencies and material weaknesses in internal controls; misappropriation; and material abuse or non-compliance with laws, regulations, contracts or grant agreements. You will be given the opportunity to respond to a finding, and this response, or a synopsis of it, will be published in the audit report.
- **Management letters** communicate control deficiencies, non-compliance, misappropriation, abuse, or errors with a less-than-material effect on audit objectives. Management letters are referenced, but not included, in the audit report.
- **Exit items** address control deficiencies, non-compliance, abuse, or errors that have an insignificant effect on audit objectives. These issues are informally communicated to management and are not referenced in the audit report.

Client's Responsibilities

Management is responsible for the accuracy and completeness of information provided to the auditor and will provide the Office of the Washington State Auditor with:

- Unrestricted access to people with whom the auditor wishes to speak.
- All information that is requested or relevant to auditor requests.
- Notification when any documents, records, files, or data contain information that is covered by confidentiality or privacy laws, such as HIPAA.
- Adequate workspace and conditions, including interacting with auditors professionally and respectfully and promptly communicating about any issues and concerns.

Moreover, our audit does not relieve management or the governing body of their responsibilities. Management's responsibilities, with oversight from the governing body, include:

- Selecting and applying appropriate administrative and accounting policies.
- Establishing and maintaining effective internal controls over financial reporting, compliance, and safeguarding of public resources.
- Designing and following effective controls to prevent and detect fraud, theft, and loss.
- Promptly reporting to us knowledge of any fraud, allegations of fraud or suspected fraud involving management, employees or others, in accordance with RCW 43.09.185.
- Ensuring compliance with laws, regulations and provisions of contracts and grant agreements.

Responsibilities at the conclusion of the audit

At the conclusion of our audit, the Port will provide us with a letter to confirm in writing certain express and implied representations made during the course of the audit. This letter includes representations regarding legal matters. A separate letter may be needed from the Port of Peninsula's legal counsel.

Management and the governing body are also responsible for following up and taking corrective action on all audit findings, including, when applicable, preparing a summary schedule of prior audit findings and a corrective action plan on the Port's own letterhead.

Estimated Audit Costs and Timeline

We estimate the cost of the audit work to be \$11,300, plus travel time, travel costs, and other expenses, if any. Invoices for these services will be prepared and presented each month as our audit work progresses.

We anticipate our reports, which will be addressed to the Port's governing body and published on our website www.sao.wa.gov to be available to you and the public as outlined below. These estimates are based on timely access to financial information and no significant audit reporting issues. The estimated cost and completion date may change if unforeseen issues arise or if significant audit issues are identified necessitating additional audit work. We will promptly notify you if this is the case.
