Dear Mr. Bennett,

The Office of the Washington State Auditor has received and completed our response to your public records request sent in via our website, as follows:

***All financial documents and instruments attached to my Legal Name and SSN [REDACTED] [2]. Include all sealed records as well that by law are records I am entitled to.***

In response, our office would not have any records related to an individual. Our audits look at financial information and compliance with state, federal and local laws on the part of all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we:

- Perform special investigations of fraud and whistleblower cases and referrals from our Citizen Hotline.
- Conduct performance audits of state agencies and local governments.
- Produce several annual reports addressing state, local and internal matters.
- Take our role as partners in accountability seriously. We provide training and technical assistance to government organizations and have an extensive program to coordinate audit efficiency and to ensure high-quality audits. To learn more, explore the material in the Center for Government Innovation.

Since we have no responsive records, we will now consider this closed. Please let us know if you have any questions, concerns or issues regarding this request.

Sincerely,

Mary Leider, CPRO
