Hi Rachel,

Thank you for this additional information. This is helpful. If you are willing, could you please provide the name of the employee?

Thanks,

Hi, I just wanted to let you know that I reached out to an employee at pacific county and she told me she was still doing her comp the way you see mine. Her out off office is on but she doesn't use vacation or sick leave because she is using comp time. In fact she cashed out her vacation leave in 2024 because she only used her comp.

Please let me know if I can help in any other way. Thank you
