

**Purpose/Procedure:** Included are DCYF timesheets for Daniel Kresse dating back to July of 2018. See employment timeline for DCYF in the ROWD-Summary of Concurrent employment. We used these entries at B.1.27 to compare DCYF hours worked with DSHS hours worked to identify any overlaps in work schedule. We noted per Ann Weber, DCYF Interim HR Operations Manager, that time code 1200 is for regular hours worked for part-time, on-call employees, 1270 is for stand-by, OT Exempt (flat pay rate of \$25) which are both heavily used by the subject. we also noted timecodes 9072-Holiday Designation (note: no actual time worked - sometimes it is not the day per OFM calendar as it may be their day off and need to designate another day for coverage), 1003-regular hours worked, and 1198-Overtime Holiday for overtime pay received for actual hours worked on a recognized holiday.
