**12<sup>th</sup>**  
9:00-11:00 AM

SAO's Center for Government Innovation continues the annual tradition in 2020. We're holding a virtual gathering to discuss our latest resources, guidance, and tools created specifically for Washington state governments. This no-cost session is open to all finance staff and elected officials.

Center for  
Government  
Innovation

**If you've attended our former roundtables or the efficiency toolbox session last year, you'll be familiar with this unique offering. When attending this no-cost, two hour session, you will:**

1. Understand how the input you provided at last year's 2019 Fall SAO Roadshow has guided our direction to create better ways to support local government.
2. Learn about SAO's resources, services, tools and data that specifically deal with what's important to local government right now;
3. Have opportunities to offer input on how SAO can help with future resources, tools, and other offerings;
4. Get that sense of partnering with the #goodgovernment family that we've been missing all year long!

We know that #goodgovernment works best together. Fall is a perfect time to join with others in celebrating this #goodgovernment community. The Center for Government Innovation is proud to be a partner to listen and offer solutions that local governments want!
