Dear Ms. Headley,

The Office of the Washington State Auditor has received and completed our response to your public records request received via website, as follows:

I have been sent a ticket for a vehicle I do not own. I need proof that I do not own this vehicle. 2006 white Ford Crown Victoria license. BWA9188. The vehicle was impounded and sold at auction in March. DOL confirms that I do not own this vehicle, but could not give me a letter or statement to that effect.

In response, our office does not have the records you are seeking. In order to obtain the records you are seeking, you will need to contact DOL directly at www.dol.wa.gov. Since we have no responsive records to provide, we will now consider this closed.

Sincerely,

Colette Kinder
Program Specialist
